(i) New franchise? Yes <input type="checkbox"/> No <input type="checkbox"/>		

(ii) Renewal/amending an existing franchise? Yes No

(iii) Transfer of a franchise? Yes No , if yes, identify the current franchisee:

If you are renewing/amending an existing franchise, has your franchise otherwise expired?
Yes No

If not, what is the expiration date of your current franchise?

Location and description of proposed site or route of facilities.

Describe the telecommunications facilities and/or other equipment proposed to be located within subject right-of-way. Include a break-out of ground-based facilities and aerial facilities and provide a summary of which facilities will be installed on new versus existing structures. Provide a map of the area to be covered by the franchise and include specific locations of initial build-out and, if known, proposed future build-out locations.

If the proposed facilities and/or other equipment are proposed to be installed on poles, will the installation be on existing poles or does applicant anticipate the need to install new poles?

Note - Applicants seeking to install new poles must follow the procedures outlined in the municipal code. Applicant should not presume that requests to install new poles will be approved.

If application includes the installation of new poles, describe what efforts applicant has taken to co-locate the proposed facilities and/or other equipment on existing poles? And, detail the reasons why applicant believes co-locating is not feasible.

What alternate routes and/or locations for the proposed facilities have been evaluated? Explain why this site is the best alternative. Provide maps of proposed facilities locations and existing facilities locations (if any).

Describe your site access policies.

Describe the transmission medium that will be used to provide telecommunications.

Describe the areas of the City that are anticipated to be served. What is the expected build-out schedule for these areas? If the City is already built out, describe if there are any expected construction projects.

Indicate what licenses, certificates, and authorizations are required from the Federal Communications Commission, the Washington Utilities and Transportation Commission and any other federal or state agency with jurisdiction over the proposed activities. Have all such licenses, certificates and authorizations been obtained?

Describe in detail the services that you expect to provide within the City, including whether the provision of services will be to commercial and/or residential customers.

Provide a summary of all utility taxes the proposed activities, facilities, and other equipment will be subject to. In doing so, provide an estimate of income/revenues that can be used to calculate estimated future utility taxes. Should applicant believe it is not subject to any utility taxes, provide the basis for such belief.

Explain whether the Internet Tax Freedom Act does or does not apply to the services being provided.

The City of Mukilteo reserves the right to ask additional questions on a case by case basis.
