Any deviation request concerning a provision of the International Fire Code requires concurrence by the City of Mukilteo Fire Marshal. Documentation of concurrence by the Fire Marshal must be submitted with the request.

It is recognized that the need for and timing of a deviation request may not be predictable. Requests should be submitted as soon as the need becomes known. No deviation request will be considered until a permit application has been submitted. This is important for public notice and participation in the decision process.

The Public Works Director or designee reserves the right to direct or deny a deviation from the Mukilteo Development Standards at any time in the interest of public health, safety, and welfare.
